**'THE SHADOW EFFECT' PREMIERES WORLDWIDE JUNE 26**

A JOURNEY FROM YOUR DARKEST THOUGHT TO YOUR GREATEST DREAM.

*The Shadow Effect* is an emotionally-gripping, visually-compelling docudrama that reveals why suppressed emotions and unresolved internal conflicts leads to behavior that continually unseats politicians, destroys celebrity careers, destabilizes the economy and affects the lives of millions each year.

In this age of public humiliation and media meltdowns, the work of *New York Times* best selling author, Debbie Ford, continues to make headway as she exposes the opposing forces of both light and dark that compete for attention within every human being. In her film debut, *The Shadow Effect*, Ford presents the hidden power of "the Shadow" alongside some of today's most provocative thinkers including Deepak Chopra, Marianne Williamson, Mark Victor Hansen, James Van Praagh and others.

In this life-altering journey, individuals who have transcended child abuse, racism, the Holocaust, war, and wounded upbringings, share their remarkable stories. Meet those who have learned to face their terror, heal their wounds, and embrace their higher, heroic selves to overcome the shadow effect.

To leave the viewer inspired and compelled to take an evolutionary leap, Ford has integrated some of her most successful and proven processes into a cutting-edge *Special Interactive Edition* of *The Shadow Effect*. Throughout the movie, Ford guides the viewer through eight exercises designed to reveal the shadow effect in their own lives and presents them with opportunities to transcend personal limitations.

*The Shadow Effect* launches worldwide on DVD and online this Friday June 26<sup>th</sup>. Hay House, Inc. is distributing *The Shadow Effect* DVD in retail stores internationally. The movie and *Special Interactive Edition* can also be viewed online at [www.theshadoweffect.com](http://www.theshadoweffect.com) using full screen pay-per-view technology pioneered by Vividas.
